## RATINGS

10=Fantastic  
9=Great  
8=Very Good  
7=Good  
6=Decent  
5=Acceptable  
4=Pretty Bad  
3=Bad  
2=Worse  
1=Crap

It's not at all sure that my ratings are the same as yours on all the tapes as Livetapes sounds different to each person.  
But I can guarantee that every tape that I have rate 7 or more is worth checking out when it comes to the soundquality.
